GIN INSURANCE

The season for insuring gins is about here, and I am better equipped than ever to handle this class of business. My companies' rates are as reasonable as the hazard will admit and are as low as any reliable company.

I am also in position to insure country property—i. e. dwellings and country stores.

MANILA HAS TYPHOON

Five Persons Are Killed and About
Two Hundred Hurt.

DETAILS NOT KNOWN

Native Portions of the City Reported
as Having Been Blown Entirely
Away and Thousands of
Unfortunate Homeless.

New York, Sept. 27.—The Evening Sun has a dispatch from Manila reporting a destructive typhoon in that city. The native districts were swept away and thousands of persons are homeless and five Filipinos were killed and 200 persons injured. Hundreds of buildings were unroofed. Thousands of electric light wires were blown down, filling the streets with flames until the current was turned off.

The city was in darkness when the dispatch was sent and all traffic was suspended. It was believed that shipping in the bay had warning of the approach of the storm, but up to the time the dispatch was sent the ships were invisible, on account of rain, and had not communicated with the shore.

FIVE DEATHS TUESDAY.

New Cases Reported at the Crescent
City Were Thirty-One.

New Orleans Sept. 27.—New yellow fever cases reported up to 6 o'clock Tuesday evening were 31; total, 2898; deaths, 5; total, 375; new foci, 7; under treatment, 286; cases discharged, 2238.

A group of four cases among nuns in the convent of Perpetual Adoration, on Marais street, was reported by the attending physician. The infection there was discovered weeks ago through the death of a sister and a few days ago two more cases developed.

A case was taken to the emergency hospital from the parish prison, the patient being a woman prisoner. Besides the parish prison case there are only three cases above Canal street.

One case was brought in from Barataria, and taken to the hospital. Of the deaths two occurred in the hospital and the others were down town.

The country reports were meager Tuesday and indicated no new points of infection. They were:

Kenner three new cases, one death. Patterson, six new cases. Bunkie, one death. Lutchie, one new case. Grand Isle, three new cases. Tallulah, five new cases. Lafayette, one new case. St. Bernard, one new case. Bon Ami, one new case, which died.

NEST OF INFECTION.

Found Just Outside Limits of Vicksburg Among Negroes.

Vicksburg, Sept. 27.—While there were no new cases of yellow fever in the city proper Tuesday, a rather bad nest of infection was found just outside the northeastern limits in a thickly settled negro community. Four positive cases were found there, with several others of a suspicious nature.

Surgeon Gutierrez of the public health and marine hospital service, and Dr. Haralson of the state board of health, went to Port Gibson, twenty-five miles south of this city, and found two cases of yellow fever, one convalescent. The source of infection could not be traced.

EIGHT NEW CASES.

Total Number of Patients at Natchez
Tuesday Was Sixty-Nine.

Natchez, Miss., Sept. 27.—Eight new cases of yellow fever Tuesday bring the total up to sixty-nine. Only two are new foci and they are not far from the old infected district. Two of the eight are white. Forty-two passengers left Tuesday for Chicago.

The death of Miss Maud Perrin, who passed away Monday night, brings the total deaths to three.

Two Midnight Deaths.

Vicksburg, Miss., Sept. 27.—Luke J. White, one of the best known young business men of the city, died at midnight Tuesday night after five days' illness of yellow fever. He was thirty-eight years old. Miss Maggie O'Ryan, twenty-one years of age, died at 12 o'clock Tuesday night of yellow fever. Her sister, Annie, eighteen years old, was not expected to live through the night.

Other Mississippi Points.

Jackson Miss., Sept. 27.—Gulfport reported one new yellow fever case Tuesday; Mississippi City, four, and Hamburg, three. Latter has five suspicious cases.

"Kicked" In Vain.

Denison, Sept. 27.—Dr. Frank Terrell of Ashland, Miss., and U. S. McCoy of Potts county, in the same state, are held in quarantine at the detention camp north of Denison, having been taken by the inspectors from a Frisco passenger train. Dr. Terrell is the health officer of his county and for this reason he registered strenuous objections to being held, but his protestations were without avail.

HAD HEAVY RAINFALL

For Two Hours It Poured Down
In Torrents.

FEVER ON THE WANE

Should President Roosevelt Be Guest
of New Orleans on Oct. 24 He
Will Be the Recipient of
Several Courtesies.

New Orleans, Sept. 27.—The heaviest rain storm New Orleans has had for many weeks began Wednesday before daylight. It rained steadily for more than two hours, completely flushing the gutters. How much damage was done to cistern screens it is difficult to say, but all the oil and a good deal of salt in the gutters was washed away. Nevertheless, the fever fight is now considered to be so well in hand that even the creating of fresh breeding places for mosquitoes causes little alarm. Unless there is an unexpected change, the present week promises to show plainly the results of the campaign against the fever, with material reduction in number of cases, both new and under treatment.

Reports from the country show steady improvement in the situation in almost every direction, the fever manifestly being on the wane at all points where it has been severe. There were only three deaths throughout the state Tuesday.

At Leeville the fever is under control. There has been no spread of fever at Kentwood, in St. Tammany parish, though several cases from New Orleans developed there from time to time. There has not been a single case of secondary infection.

In Lafayette the district judge granted a temporary injunction to restrain the police jury from enforcing quarantine against Lafayette, the parish seat, and appointed a committee of physicians to report to him on the health conditions of the town. Gins, compressed and other factories, have been shut off from the country by the quarantine there and business is paralyzed and hundreds dependent upon fields have been prevented from earning their daily bread. Lifting the quarantine may remedy conditions.

The new mosquito ordinance has been passed by the city council. It represents the work of the best sanitarian lawyers and officials here and has the endorsement of the Federal authorities, who were consulted in its preparation, and it is expected to be a model for all towns and cities in the south where stegomyia breeds. The ordinance goes into effect February of next year, by which time every cistern here must be equipped with wire screens.

Plans for the president's entertainment, if he comes here Oct. 24, have been arranged with a view to protection, and he will not be taken into any infected districts. He is to have a military and civic reception, to be escorted from his train to the city hall, where he is to make an address to the citizens, then taken to a hotel, where there will be a banquet at night. The following morning he is to have a ride through the harbor on an ocean steamer.

Eight new cases and four deaths is the yellow fever report up to noon Wednesday.

THREE NEW CASES.

One of Them Is Night Editor of the
Pensacola Journal.

Pensacola, Fla., Sept. 27.—Only three cases of yellow fever were reported at noon Wednesday. One of these is Ben H. Thomas, night editor of the Pensacola Journal. City Editor Hayes' case was reported Tuesday.

EARTHQUAKE NEAR SWEDEN.

Cracked Walls of Houses and Fissured Surface of Ground.

Gothernburg, Sept. 27.—A severe earthquake was felt at Lundby, Hisingen Island. It cracked walls of houses and fissured the surface of the ground. The subterranean rumblings were quickly followed by violent rocking of houses, splitting of inner and outer walls and driving of inmates to seek safety in the open air. In many places fissures a foot wide opened up, while level ground in the eastern part of the island sank appreciably. The disturbance lasted a minute.

TENNESSEE TRAGEDY.

Wood Finisher Terminates Career of a Real Estate Man.

Nashville, Sept. 27.—On Wednesday Charles Denton, a well-known real estate man, was shot and almost instantly killed by E. R. Horn, a wood finisher. Horn fired three times, one bullet striking Denton just above the heart, another penetrating his left wrist. Horn stated he shot Denton in self-defense. It is understood the trouble grew out of Denton's alleged treatment of Horn's sister. Horn said that while talking over the matter with Denton the latter attempted to draw a pistol, but no pistol was found on Denton after death.

Fight Prohibited.

Salt Lake City, Sept. 27.—Willie Ruhlin fight has been called off. The county attorney issued an order prohibiting it.

HONESTY

Honesty in prescriptions is our watch-word. However much we may know about medicines, we never put our knowledge against that of your doctor. We can conceive of nothing more dishonest than the substitution of something else for that which your doctor has asked for. You can bring your prescription to us knowing that you will get just what your doctor has ordered. And that too at a price that will please you.

THURSDAY, SEPTEMBER 28.

Baron Komura is the martyr of the peace treaty.

All roads lead to Bryan these days, and all wagons are cotton laden.

Madisonville has apparently tired of "city life" in less than six months. Over half the voters have signed a petition for an election to abolish the corporation.

Temple has begun actual work on a sewerage system. It will be a great day when Bryan can make the same announcement.

ABOUT THE CONCERT.

The patronesses of the grand concert to be given by Mr. Fredric Lillebridge, pianist, and Mrs. Charlotte Lachs-Lillebridge, soprano, held an enthusiastic meeting yesterday afternoon. All arrangements have been made for the reception to these two distinguished artists to be held at the residence of Col. and Mrs. M. W. Sims immediately after the concert Friday night.

All of those attending the concert are cordially invited to attend the reception and attest their pleasure in the advent of Mr. and Mrs. Lillebridge to Bryan.

The list of patronesses follows: Mesdames M. W. Sims, H. O. Boatwright, J. W. Howell, G. M. Brandon, W. H. Oliver, R. S. Webb, J. Webb Howell, L. L. McInnis, F. M. Law, A. M. Waldrop, W. S. Howell, J. T. Hanway, W. C. Fountain, A. J. Buchanan, E. J. Fountain, G. B. Butler.

Seats have been reserved and these ladies with their escorts will form a merry party.

The young people will also have one or more parties.

A fine piano has been secured and will be moved to the opera house for the occasion.

The concert will begin promptly at 8:30 and it is hoped that all will be in their seats by then so that the opening numbers be not marred by the confusion of late arrivals.

THIS SUMMER

Mr. A. M. Waldrop, chairman of the amusement committee of the Central Texas Fair, is in receipt of a letter from Mr. Adolph Topperwein, the world-famous rifle shot, stating that he and Mrs. Topperwein will be here and give daily exhibitions in shooting with Winchester arms and ammunition, which they use exclusively, at the coming Fair. Mr. Topperwein was only able to get here through a change in the date of another engagement.

There is nothing more interesting than an old-time town and country sweepstakes pony race. The Central Texas Fair, Oct. 17 to 20, will have one on each day at 11 o'clock. It does not cost anything to enter your horse and the purse is \$15.

A novelty race, the funniest and most exciting race in the world, is to be pulled off at the Central Texas Fair at Bryan on the opening day, Oct. 17th, at 11 o'clock in the morning. It is open to every horse in Brazos, Madison, Grimes, Leon, Robertson and Burleson counties. Horses for the race will be admitted to the grounds free and no charge to go on the track.

The purse is \$25, and all goes to the winner. The race is three times around the track, first round walk, second trot and third run. In this way you can't tell what horse will win. A horse that cannot head a cow in a lane stands as good a chance as any because he may be a fast walker or trotter.

Anyhow, before the race is over horses will be scattered from the wire entirely around the track and the fun will be great. Don't miss it. Opening day Oct. 17th at 11 o'clock.

The contest between communities for a first prize of \$25 cash and second prize of \$10 cash for best agricultural exhibit by church or school community should enlist some earnest efforts. Twenty-five dollars expended on your church or school house will add to its comfort or looks. Get busy.

INSIDE INFORMATION.

Eagle Readers Chance for Profit—Everyone Ought to Grasp this Opportunity.

To have even a simple case of indigestion is to have "inside information" of suffering that warns of serious trouble in the future, unless the digestive system is strengthened.

If you cannot eat and digest three good, square and satisfying meals each day without discomfort, your stomach needs Mi-o-na tablets. They are not a mere temporary relief, but are composed of valuable medicinal agents which strengthen the digestive organs, and cure and prevent stomach troubles.

When there are pains or distress after eating, head aches, belching of gasses, a sour taste in the mouth, dizziness, heart burn, specks before the eyes, furred tongue, sleeplessness, nervousness or back ache, the stomach needs the help of Mi-o-na.

Every reader of the Eagle should grasp the opportunity offered by E. J. Jenkins to try Mi-o-na at his risk. Just one little tablet out of a 50 cent box of this remedy before each meal for a few days, and you will soon have a strong stomach and perfect health.

Ask E. J. Jenkins to show you the guarantee under which he sells Mi-o-na. This valuable remedy costs you nothing unless it restores health.

MEMBERS A. O. U. W.

Tonight is the second regular meeting night of the month. All members are urged to be present. It will be an interesting meeting.

M. E. Wallace, W. J. Walker, M. W. Recorder.

Secretary T. A. Searey had three applications yesterday morning from parties in distant states, for fair catalogues, and information. A resident of Paris, Ill., wanted to know entering a textile exhibit. A Chicago man wanted a race program. A St. Louis man wanted premium list. Mr. Searey gets mail of this kind all the time now, which shows how our fair is growing.

Moore, Jordan & Co., gents' furnishing goods dealers of Ennis, have rented I. P. Boyett's building on Main street recently vacated by M. Bonneville Jr., and will occupy it at an early date.

THREE JAILED.

F. J. Hyatt and Wife Charged With Murder of Ida Brown.

Houston, Sept. 27.—F. J. Hyatt and wife and a negro were jailed charged with the murder of Ida Brown, who died at the Hyatts' residence. She was taken suddenly sick with cramps after drinking beer and died before medical aid reached her. The autopsy resulted in the finding of strichnine in the stomach of the deceased, and it was thought it might have been there through the embalming process the body was put through. The undertaker, however, denies that his fluid contains strichnine.

The woman (Ida Brown) had taken out an insurance policy for \$1000 in favor of the Hyatts, and the premium was paid by Hyatt the day before her death. Mrs. Hyatt had some time before filed suit for divorce from her husband, making Ida Brown correspondent. A few days ago, however, she requested her attorneys to withdraw the suit. Ida Brown had been divorced over a year and had taken her maiden name

FATAL BLOW.

Mabank, Tex., Sept. 27.—About four miles southeast J. C. O'Neill, a farmer, was hit on the head with a club and died. E. B. Coleman, another farmer, surrendered and was jailed at Athens.

TO FIGHT MEASURE.

Texas Railroads Will Bring Suit Against Love Law Enforcement.

Dallas, Sept. 27.—It is stated here that within the next few days Texas railroads will, through their general attorneys, institute suit against the Love gross receipts tax law.

The law is operative on Oct. 1, hence it becomes necessary for this action upon the part of the roads. Preparations of the most careful order have been made for fighting this law, and the railroads will go into the battle in full expectation of winning.

It can also be stated as a fact that this action will not, as in the case of the emergency dry goods rate of the commission, be attacked through the Federal courts, but that action will be taken in the state courts at Austin.

EIGHT CARS LEFT TRACK.

Engineer Mayfield Fatally Crushed and Fireman Arnold Scalded.

Morgan, Tex., Sept. 27.—A work train on the Texas Central railroad was wrecked about two and a half miles east of Morgan. Eight gondola cars went into the ditch. The engine after leaving the track ran quite a distance into a corn field and turned over.

Engineer Jack Mayfield, about forty years of age, was fatally crushed beneath the engine, and Fireman Arnold was badly scalded and may die. A brakeman also had a leg broken.

A rescue train from Walnut Springs arrived in forty-five minutes on the scene.

CAUSED BY CATTLE.

Engine Turns Over and Engineer and Conductor Lose Their Lives.

Muskogee Sept. 27.—A work train on the Missouri, Oklahoma and Gulf railroad ran into a herd of cattle, derailing the engine and several cars and killing Engineer Eugene Meir and Conductor Charles Williams, both of this city.

The accident occurred about sixteen miles southwest of the city, near the town of Wainwright. Conductor Williams was in the cab with the engineer and when the engine was derailed and turned over the engineer and conductor were crushed to death.

Charles Mangum, the fireman, jumped and escaped injury, except for a few bruises. Six head of cattle were killed.

Goes to Hitchcock.

Muskogee, Sept. 27.—The bill authorizing the appointment of a commission of three to wind up the affairs of the Cherokee nation has passed the council and the act will be forwarded to Washington for the approval of Secretary Hitchcock.

BRYAN'S PARTING WORDS.

Writes President That He Will Render All Aid in His Power.

Lincoln, Neb., Sept. 27.—Hon. William J. Bryan has written another letter to President Roosevelt, which was made public Tuesday night. He says in part:

"To President Roosevelt: Permit a parting word. You have the contest of your life before you and I desire to render you all the assistance in my power. You have asked congress to enact a law so enlarging the powers of the interstate commerce commission as to permit it to fix and enforce a reasonable freight rate, and the railroad lobby is strong enough to stop in the senate the bill passed by the house. The railroad magnates expect to block the passage of the bill again. Stand by your guns. You have developed a reform element in the Republican party; you must lead it or suffer the humiliation of congressional leadership to pass to some one else.

"Go forward. You owe it to yourself, you owe it to your party, and, more than all, you owe it to your country. "WILLIAM J. BRYAN."

HANDED PORTE.

Collective Note From Six Powers Transmitted to Sultan of Turkey.

Constantinople, Sept. 27.—A collective note from the six powers has been handed to the porte declaring the decision to assume international control of finances of Macedonia is unalterable. The note informs the Ottoman government that foreign delegates appointed controllers to arrive at Salona Oct. 1, and requested the necessary instruction be sent to provincial authorities so delegates may enter on their functions without delay.

ITALIAN FARMER KILLED.

Run Over by a Wagon Yesterday While on the Way to Bryan With Cotton.

While going fast down hill at Pitt Bridge on the Brazos river yesterday with a load of cotton on the way to Bryan Joe Falico, an Italian farmer living on J. R. Carlton's place in Burleson county, fell from his wagon and was run over by it and so seriously injured that he died a little while later on the way to town, whither he was being brought by parties with him at the time of the accident. Falico was 60 years old and leaves a family.

Jno. K. Parker,
277 President.

Speaker of New York Assembly In Serious Condition.

New York, Sept. 27.—Upon the convening Wednesday of the special legislative committee investigating life insurance companies Chairman Armstrong announced that owing to the serious illness of S. Fred Nixon, speaker of the assembly, the committee met under distressing circumstances. "From information at hand," said Senator Armstrong, "it is feared he cannot recover, and in the event of his death the committee will instantly adjourn." It was announced prior to the opening of the investigation that Jacob H. Schiff, head of the firm of Kuehn, Loeb & Co., bankers, had been subpoenaed. The first witness was Geo. C. Van Tuyl, Jr., secretary and treasurer of the Albany Trust company.

DRAPER HAS LEAD.

Opponents of Tariff Revision and Canadian Reciprocity Win Out.

Boston, Sept. 27.—That opponents of tariff revision and Canadian reciprocity and supporters of Eben S. Draper of Hopedale for the party nomination for lieutenant governor won in the Republican primaries appeared evident Wednesday when the returns from small country towns were received. Revision of figures showed Draper had good lead over Colonel Goetting of Springfield, and Judge Hall of Taunton, although many unpledged delegations went to the convention.

PLANS ABANDONED.

Activity of Governor and County Officials Caused This Action.

Chicago, Sept. 27.—Plans for the race meeting at Libertyville track, near here, next Saturday were abandoned. Secretary Nathanson and John Condon of the Harlem Jockey club formally called the meeting off and notified owners of race horses in various cities not to ship entries. The activity of Governor Deneen and Lake county officials toward suppression of racing is said to have influenced the move on the part of the track managers.

KOREA SPEEDY.

Breaks the Record For Pacific Voyage by Several Hours.

San Francisco, Sept. 27.—The Pacific Steamship company's liner Korea arrived Wednesday from the orient, breaking the mail transpacific record by several hours. Among the passengers were Secretary of War Taft and most of the members of his party, which left him for the far east on the Manchuria on July 8 last.

MYSTERIOUS DEATH.

Body Found Near Residence With Bullet Hole Back of Right Ear.

Kewanee, Ill., Sept. 27.—John V. Street, vice president of the Swedish-American league and a prominent attorney, is dead as the result of a mysterious shooting, and it has not yet been determined whether it was murder or suicide. His body was found near his home with a bullet hole back of the right ear.

Business and Pleasure.

Boston, Sept. 27.—Delegates to the convention of the American Public Health association combined business and pleasure Wednesday. Two business sessions were held and several papers read, after which there was an excursion down Boston harbor.
